NEW
ULTIMATE SMARTLINK™ LURE SYSTEM

Free Snagged Lures Instantly!

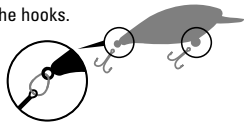

Jimmy Houston

REUSEABLE!

ECO SAFE
6 count

PREPARE YOUR LURES FOR USE:

- 1) Select an Ultimate SmartLink™ rated for your rod weight and line test. (See Selection Guide on back.)
- 2) Remove split rings holding hooks to lure. (Wire cutters work best but wear eye protection!)
- 3) Attach SmartLink with narrow end toward lure as shown, and
- 4) Re-attach the hooks.

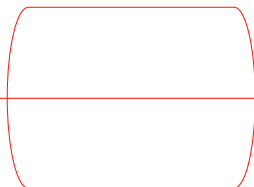

Performance Tip:

- Always use line that is in good condition.
- SmartLinks can be identified by a color marking indicating recommended line test rating. (See Selection Guide on back.)

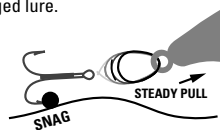

TRY THIS!

The Ultimate SmartLink Lure System is also great for blade changes on spinnerbaits!

TO RELEASE A SNAG:

- 1) Point your rod tip at the snag.
- 2) Reel in all slack.
- 3) Thumb the spool.
- 4) Face away from snag and pull steadily without jerking, until the Ultimate SmartLink releases your snagged lure.

Performance Tip:

- SmartLinks are REUSABLE! They are engineered to maintain consistent performance for several releases.
- To ensure continued optimum performance, we recommend installing new SmartLinks periodically.

TRY THIS!

Use an Ultimate SmartLink on hooks and weights for bait fishing, drop-shot rigs and sliding weight rigs.
